SOCIAL VALUE CONTRIBUTIONS IN
PARTNERSHIP WITH CLARION FUTURES

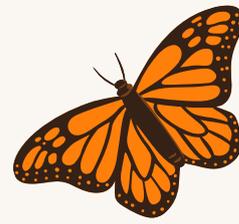

FY
2024/2025

About Clarion Futures

Clarion Futures is the charitable foundation of Clarion Housing Group. We work to transform lives and communities by helping residents access training, jobs, financial guidance, and wellbeing support, as well as funding projects that bring lasting benefits to local neighbourhoods.

A key part of this work is delivered in partnership with our supply chain partners, including **Faithorn Farrell Timms (FFT)**, who contribute Social Value to support innovative community initiatives. Through this model, FFT are helping us deliver meaningful and lasting impact for the people who live in our homes and communities.

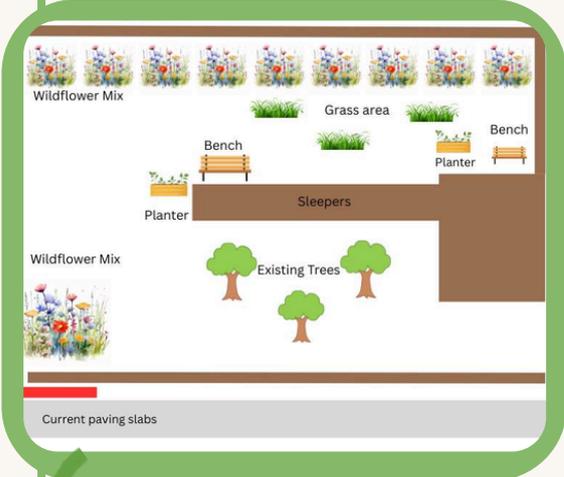

Edenside Wild Spaces

Clarion is committed to creating green spaces that benefit both our residents and wildlife. Guided by our Nature Recovery Strategy and our purpose of Making a Difference, Clarion Futures has transformed part of the Edenside Estate into a vibrant natural haven for residents and the wider community.

Thanks to a generous **£6,000** donation from FFT, an **unused green space** is being turned into a **thriving space for people and nature**. Residents helped **shape the design through consultation**; their most popular requests included:

- seating areas
- wild-flower meadows
- bird and bat boxes
- bug hotels
- bulb planting

Each of these initiatives will boost biodiversity on the estate, whilst creating a welcoming environment for relaxation and connection.

The community's enthusiasm has been inspiring. Residents have volunteered to help maintain the space, as they do with a nearby rookery, ensuring the project's long-term success. Completion of the Wild Space is scheduled for Winter 2025/26, with community planting days planned for wildflowers and vegetables in the spring.

“Green spaces have a positive impact on people’s overall mental health.”
Clarion Resident

The transformation of this space has created a beautiful, biodiverse sanctuary, a place where people and wildlife thrive together. It’s a powerful example of the social value achieved through collaboration between Clarion Futures, our contractors, and residents; bringing nature back into the heart of our neighbourhoods.

A message from our Head of Strategic Partnerships and Projects

This past year has shown us, more than ever, the value of working side by side with our social value partners. Through FFT’s support, Clarion Futures has been able to deliver projects that have not only provided essential services but have also inspired hope, created opportunities, and strengthened the fabric of our communities.

It has been a year full of challenges, but also one of real progress; that progress would not have been possible without the commitment of our social value partners. Partnerships like ours with FFT are at the heart of what we do; they allow us to reach further, do more, and make a tangible difference in the lives of our residents

I want to extend my deepest thanks to the whole team at FFT for your ongoing dedication and generosity. Your support continues to transform lives and create thriving, resilient communities, and we are proud to walk this journey with you.

Shelley Hathaway-Batt

Head of Strategic Partnerships and Projects,
Clarion Futures
